Software Downloads

Please select the J2534 driver for your VCI as described below. In order for communication from the PC to the VCI function, the driver of the same version as on the VCI must be used.

PC SOFTWARE (CHOOSE ONE):

<u>Vci_example_</u>	6	3	9	<u> 20.EXE</u>
Vci_example_	6	3	9	21.EXE
<u>Vci_example_</u>	6	3	9	22.EXE
Vci example	6	3	9	23.EXE
Vci example	6	3	9	24.EXE
Vci example	6	3	9	25.EXE
Vci_example	6	3	9	26.EXE

Choosing the correct VCI software version

- On the Tablet of the VCI, navigate to the Main Menu. Please recognize the graphical indication for the locations on the screen in the following instructions:
- 2. Touch on SETTINGS.

3. Touch on Software Information.

 On the Windows PC used for J2534 communication with the VCI, download above driver and install as instructed in <u>this PDF guide</u>.

NOTE:

• When the Tablet updates the VCI software, the above procedure will need to be performed again to match the version of the driver on the PC.
